Janus Polenceusz

I am your candidate for the English Constitution Party, England's version of the Scottish National Party and Plaid Cymru. I'm a full-time Carer for my elderly/disabled mother. I am also a radio DJ for Sine FM in Doncaster hosting 'The English Music Hall Show'.

Our area has been plagued by burglaries, vandalism, and anti-social behaviour for far too long. If elected councillor, I promise to work tirelessly with our police force, focusing on tackling all of these issues. No one should be living in fear. It's got so bad for our local businesses that even our charity shops get burgled.

In Scotland and Wales, you see their national flags being flown from town halls, schools, police stations, etc, not UK flags. It is about time our flag (Cross of St George) was flown on our buildings including Barnsley Town Hall. To bring the community together we should organise annual events on dates with historical meaning and celebrate days such as St George's Day on 23rd April and Guy Fawkes Night on 5th November.

Inside the Labour Party, a movement has been set up called the 'English Labour Network'. Why vote Labour, who need to set up such a movement within their own party, when you can vote for the real deal? Vote for the English Constitution Party.

Our manifesto is based on Common Law and English Constitutional Statutes that enshrine your inalienable rights and freedom. When you vote for an English Constitution Party (ECP) candidate, You're electing an individual who solely represents their constituent's interests.

We are the only party that supports and campaigns for :-

Independence and self determination for England, its Counties and Citizens. Our top priority is to defend sovereignty and self rule.

Protecting the most vulnerable in our society, including raising State Pensions to be the equivalent of the National Living Wage.

Lawful immigration and secure borders. Prioritising housing for English nationals not illegal migrants.

Enforcing the law to reduce local crime and anti-social behaviour.

Improving infrastructure and public services in order to rejuvenate local economies and help independent businesses.
